

IACRL Publications Committee Report 2013/2014

Date: Monday, October 13, 2014

Member(s): Lindsay Harmon

I had the privilege of again serving as chair of the Publications Committee for the 2013/14 year.

Committee activities for the year:

1. Published Fall and Spring issues of the newsletter, as specified by the bylaws.
2. Elected a new Managing Editor, Carolyn Ciesla, from the committee membership.
3. Designated a committee member, Carl Lehnen, to oversee website development. As of the 2014/15 year he will serve as co-chair of the committee along with Eric Edwards, who will primarily be responsible for coordinating production of the newsletter.
4. Instituted a job board feature on the IACRL website. Since it went live in March, more than 150 job opportunities at Illinois academic libraries have been posted.
5. Posted 2014 IACRL conference materials, including handouts, slides, and posters, on the IACRL website.
